

Service & Repair

We offer high-quality, personalized support for your servers, computers, and networks.

We offer high-quality, personalized support for your servers, computers, and networks.

Regardless of whether you need urgent emergency help, routine maintenance, or consulting, the experienced technicians of SSI are ready to help. All of our technicians are certified and trained to bring you the responsive, knowledgeable service you deserve with regard to:

- PCs, Servers, Workstations
- Printers
- Networks (Wired/Wireless)
- Notebooks
- Virus/Spyware Removal

We are flexible and will complement your organization's time and skill level. Whether you'd like us to pick-up your equipment, arrange for delivery, or you prefer to drop by our office, we offer fast turnaround times and offer all major brands.

Our emergency response time is two hours or less. Our routine, non-urgent response time is two days or less. We offer a trained staff waiting to support you.

We are not a one-person, fly-by-night company doing business from a PO Box. Stop in and say "Hello!" Our locally-owned and operated company has been servicing customers like you since 1983.
